HEALTH PLAN

FOR INDIVIDUALS AND FAMILIES

OUTLINE OF COVERAGE
for ACA Plans

Table of Contents

You should read your benefits policy carefully. This Outline of Coverage for Wellmark Blue HMO plans provides a brief description of the important features of your benefits policy. This is not your benefits policy. Only the actual benefit provisions in your benefits policy will determine your benefits. The benefits policy itself sets forth in detail the rights and obligations of both you and Wellmark Health Plan of Iowa, Inc.

THEREFORE, IT IS IMPORTANT THAT YOU READ YOUR BENEFITS POLICY CAREFULLY.

If you have questions about Wellmark Blue HMO plans but have not submitted an application, please contact Wellmark's Customer Service at **800-819-0893.** If you are a current Wellmark member, please call the number located on the back of your ID card.

Premium payments may be made on a calendar month or semi-annual calendar year basis. For example:

PAYMENT FREQUENCY	DESCRIPTION
Monthly	**Premium payment would be for the first day of the month through the last day of such month through electronic funds transfer (EFT) only.**
Semi-Annual	**Premium payment would be for the calendar period of either:** Jan. 1 through June 30, or July 1 through Dec. 31

In any year in which there is a mid year adjustment in the amount of premium(s), the member will have the following obligation:

PAYMENT FREQUENCY	OBLIGATION
Monthly	Monthly payments will continue to be made through electronic funds transfer (EFT) only. For monthly premium payments, any increase will be deducted from the member's designated account in the first month the increase becomes effective. For each month thereafter, the increased monthly premium will automatically be deducted.
Semi-Annual	For semi-annual payments, the member must pay a bill for a premium payment representing the difference between the new semi-annual premium amount and the amount previously paid for such period. The member also will be required to pay subsequent semi-annual premiums that include the premium increase.

The amount of your periodic premium payment will change as provided in the benefits policy and from time to time based on changes in your coverage, including but not limited to, changes in benefits, payment obligations (such as deductible, coinsurance and copayments), the number of covered family members, members' ages, changes in tobacco use status, or other factors that require adjustments to the total premium. These changes may occur at times other than an annual or other benefits policy renewal.

Your authorization for automatic premium withdrawals shall include authorization for automatic withdrawal of any changed amount unless you notify your bank no less than three business days before a scheduled withdrawal to stop the payment. You will be responsible for any fee assessed by your bank for stop-payment orders that you make. To make changes to your automatic premium withdrawal bank information, call the Customer Service number on your ID card by the 10th of the month prior to the next scheduled withdrawal.

Choosing a provider

Providers who participate with this network are called Wellmark Blue HMO Network providers. You can feel secure knowing that 98 percent of physicians and 100 percent of hospitals in Iowa[1] participate in the Wellmark Blue HMO Network. **Generally, there are no benefits for services received outside of the Wellmark Blue HMO Network, except for emergencies or accidental injuries.**

Providers who do not participate with this plan are called out-of-network, nonparticipating providers. With Wellmark Blue HMO plans, it is usually to your advantage to visit your primary care provider (personal doctor) for most covered services. If your personal doctor is unable to diagnose or treat your condition, he or she may refer you to another Wellmark Blue HMO Network provider. Generally, benefits are available only when received from Wellmark Blue HMO Network providers. To determine if a provider participates with this medical benefits plan, ask your provider, refer to the Find a Doctor or Hospital tool on Wellmark.com, or call the Customer Service number on your ID card. Our provider directory is also available upon request by calling the Customer Service number on your ID card.

Please note: Even though a facility may be a Wellmark Blue HMO Network facility, particular providers within the facility may not be Wellmark Blue HMO Network providers. Examples include out-of-network, nonparticipating physicians on the staff of a Wellmark Blue HMO Network hospital, home medical equipment suppliers, and other independent providers. Therefore, when you are referred by a Wellmark Blue HMO Network provider to another provider, or when you are admitted into a facility, always ask if the providers are Wellmark Blue HMO Network providers. Always carry your ID card and present it when you receive services. Information on it, especially the ID number, is required to process your claims correctly. Pharmacies do not participate with the Wellmark Blue HMO Network.

Referrals

If you require services from a provider other than your personal doctor, typically a specialist, you will be referred to a provider in the Wellmark Blue HMO Network. If you require services that are not available from a specialist within the Wellmark Blue HMO Network, you will be referred to a provider outside the Wellmark Blue HMO Network who has expertise in diagnosing and treating your condition. Wellmark must approve out-of-network referrals before you receive services or the services will not be covered.

Note: Even when your out-of-network referral is approved, you are still responsible for complying with notification requirements.

Primary care providers (PCP)

Primary care providers are a type of provider you go to for your primary care. PCPs include family practitioners, internal medicine practitioners, obstetricians/gynecologists, pediatricians, physicians assistants and advanced registered nurse practitioners.

In the case of preventive care visits and benefits, the following services must be received from an in-network doctor for preventive benefits to be covered and cost-share waived.

Balance billing

This is the difference between the billed charge of an out-of-network provider who does not participate in the traditional BlueCard® program and what Wellmark will pay for a specific service, procedure, or supply. When you receive emergency care, and, in some cases, non-emergency services from a provider who is not part of the Wellmark Blue HMO network, you are responsible for paying this difference. You are also responsible for paying this difference even with a referral for a non-emergency service if the provider is not part of the Wellmark Blue HMO network. To avoid being balance-billed in an emergency or accidental injury situation, select a health care provider who participates in the "traditional" BlueCard® network. Non-emergency care is not covered for out-of-network providers. Balance billed amounts do not apply toward your deductible or out-of-pocket maximum and are not used to calculate your coinsurance percentage.

Benefits for most covered services are available only when received from Wellmark Blue HMO Network providers. However, when you receive services in an in-network facility and are provided covered services by an out-of-network ancillary provider, in-network cost-share will be applied and accumulate toward the out-of-pocket maximum. For this purpose, ancillary providers include pathologists, emergency room physicians, anesthesiologists, radiologists, or hospitalists. Because we do not have contracts with out-of-network providers and they may not accept our payment arrangements, you will still be responsible for any difference between the billed charge and our settlement amount for the services from the out-of-network ancillary provider.

Blue Distinction Centers[2]

Blue Distinction Centers (BDC) are facilities that are recognized for their proven expertise in delivering specialty care. The Blue Distinction® program recognizes doctors and hospitals for their expertise and exceptional quality in delivering care, from general health and wellness to more complex and specialty procedures.

The following services must be received at a Blue Distinction Center in order to be covered:

- Bariatric surgery
- Organ transplants excluding kidney and small bowel transplants

These centers have demonstrated their commitment to quality care, resulting in better outcomes for these types of surgeries.

[1] *Wellmark Blue Cross and Blue Shield network numbers as of May 2020.*

[2] *Blue Distinction Centers (BDC) met overall quality measures for patient safety and outcomes, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measure that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and QA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. National criteria for BDC and BDC+ are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for non-covered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.*

BlueCard®Program

Wellmark Health Plan of Iowa, Inc., is an affiliate of Wellmark, Inc., doing business as Wellmark Blue Cross® and Blue Shield® of Iowa, and is an independent licensee of the Blue Cross and Blue Shield Association. We have relationships with other Blue Cross and/or Blue Shield Plans. These relationships are generally referred to as Inter-Plan Programs. Whenever you obtain services outside the Wellmark Blue HMO Network, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program. These programs ensure that members of any Blue Plan have access to the advantages of participating providers throughout the United States. Participating providers have a contractual arrangement with the Blue Cross or Blue Shield Plan in their home state ("Host Blue").

The Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

The BlueCard Program is one of the advantages of your coverage with Wellmark. It provides conveniences and benefits outside the Wellmark Blue HMO Network area for emergency care or accidental injury similar to those you would have in the Wellmark Blue HMO Network area when you obtain covered medical services from a network provider. Always carry your ID card (or BlueCard) and present it to your provider when you receive care. Information on it, especially the ID number, is required to process your claims correctly.

In an emergency situation, seek care at the nearest hospital emergency room. Whenever possible, before receiving services outside the Wellmark Blue HMO Network, you should always ask the provider if he or she participates with a Blue Cross and/or Blue Shield Plan in that state. To locate BlueCard providers in any state, call **800-810-BLUE**, or visit Bcbs.com.

When you receive covered services from BlueCard providers outside the Wellmark Blue HMO Network, all of the following statements are true:

- Claims are filed for you.
- These providers agree to accept payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.
- The health plan payment is sent directly to the providers.
- You are responsible for notification requirements.

Out-of-network/nonparticipating providers

When you receive covered services for accidental injuries, emergencies, or guest membership from out-of-network, nonparticipating providers, all of the following statements are true:

- Out-of-network, nonparticipating providers are not responsible for filing your claims. If you need a claim form or have questions on how to submit a claim, please call the Customer Service phone number located on your ID card.
- We do not have contracts with out-of-network, nonparticipating providers and they may not agree to accept our payment arrangements. Therefore, you are responsible for any difference between the amount charged and our payment.
- We make claims payments to you, not out-of-network, nonparticipating providers.
- You are responsible for notification requirements.

Blue Rx Essentials℠ drug coverage

Most prescription drugs are covered under Blue Rx Essentials, your managed drug program. Wellmark Blue HMO members must fill their prescriptions through any of the more than 65,000 participating pharmacies nationwide[1] — whether in or out of state — and will have their claims filed electronically by the pharmacy. Specialty drugs must be purchased through the specialty pharmacy program. Blue Rx Essentials retail pharmacies as well as specialty pharmacies have point-of-sale computer access to current information to screen for duplicate therapies or interactions with drugs dispensed by other Blue Rx Essentials Network pharmacies.

Blue Rx Essentials℠ Prescription Drug Card Plan

When filling a prescription, it is important to show your Wellmark Blue HMO ID card to confirm that the pharmacy participates in the Blue Rx Essentials network. The pharmacist uses the Rx BIN number to file your claims electronically and to determine how much you pay when picking up your prescription. The Rx BIN number is on your Wellmark Blue HMO ID card.

The Blue Rx Essentials Drug List

Often there is more than one medication available to treat the same medical condition. The Blue Rx Essentials Drug List contains drugs and pharmacy durable medical equipment devices physicians recognize as medically effective for a wide range of health conditions.

The Blue Rx Essentials Drug List is a reference list that includes generic and brand-name prescription drugs and pharmacy durable medical equipment devices that have been approved by the U.S. Food and Drug Administration (FDA) and are covered under your Blue Rx Essentials prescription drug benefits. The Blue Rx Essentials Drug List is updated on a quarterly basis, or when new drugs become available, and as discontinued drugs are removed from the marketplace.

To determine if a drug or pharmacy durable medical equipment device is covered, you must consult the Blue Rx Essentials Drug List. You are covered for drugs and pharmacy durable medical equipment devices listed on the Blue Rx Essentials Drug List. **If a drug or pharmacy durable medical equipment device is not on theDrug List, it is not covered.** If you need help determining if a particular drug or pharmacy durable medical equipment device is on the BlueRx Essentials Drug List, ask your physician or pharmacist, visit our website, Wellmark.com, or call the Customer Service number on your ID card and request a copy of the Drug List.

New drugs or pharmacy durable medical equipment devices will not be added to the Drug List until they have been evaluated by Wellmark's P&T Committee. We will periodically update the list to reflect these evaluations and to reflect the changing drug market in general. Although only drugs and pharmacy durable medical equipment devices listed on the Drug List are covered, Wellmark Blue HMO Network providers are not limited to prescribing only the drugs or pharmacy durable medical equipment devices on the list. Wellmark Blue HMO Network providers may prescribe any medication, but only medications on the Drug List are covered. A medication on the Drug List will not be covered if the drug or device is specifically excluded under your prescription drug plan, or other limitations apply. If a drug or device is not on the Blue Rx Essentials Drug List and you believe it should be covered, refer to Exception Process for Noncovered Drugs. The Blue Rx Essentials Drug List is subject to change.

Understanding tiers and what you pay

Drugs are categorized into tiers. The Blue Rx Essentials Drug List identifies which tier a drug is on. The tier is also important in determining the amount you pay for your prescriptions.

Blue Rx Essentials

- **Tier 1** — Most generic drugs and some brand-name drugs that have no generic equivalent.
- **Tier 2** — Drugs appear on this tier because they either have no generic equivalent or are considered less cost-effective than Tier 1 drugs.
- **Tier 3** — Drugs appear on this tier because they are less cost-effective than Tier 1 or Tier 2 drugs.
- **Preferred Specialty** — Drugs have proven to be safe, effective, and favorably priced compared to non-preferred alternatives that treat the same condition. Drugs may also be classified as preferred because no alternative drug exists.
- **Non-preferred Specialty.** Drugs without sufficiently documented clinical evidence that they provide a significant benefit over available preferred alternatives.
- **Pharmacy DME** — Devices available on this tier include select durable medical equipment (DME) that are used in conjunction with a drug and may be obtained from a pharmacy.

In most cases, when you purchase a brand name drug that has an FDA-approved "A"-rated generic equivalent, Wellmark will pay only what it would have paid for the equivalent generic drug. You will be responsible for your payment obligation for the equivalent generic drug and any remaining cost difference up to the maximum allowed fee for the brand name drug.

Guidelines for drug coverage

To be covered, a prescription drug or pharmacy durable medical equipment device must meet all of the following criteria:

- Listed on the Drug List.
- Can be legally obtained in the United States only with a written prescription.
- Deemed both safe and effective by the U.S. Food and Drug Administration (FDA) and approved for use by the FDA after 1962.
- Prescribed by a practitioner prescribing within the scope of his or her license.
- Dispensed by a recognized licensed participating retail pharmacy employing licensed registered pharmacists, through the

[1] *CVS Health, 2018*

specialty pharmacy program, through the mail order drug program, or dispensed and billed by a hospital or other facility as a take-home drug for a short-term supply.
- Medically necessary for your condition.
- Reviewed, evaluated, and recommended for addition to the Drug List by Wellmark's P&T Committee.

Limits on prescription drug coverage

We may exclude, discontinue, or limit coverage for any drug by removing it from the Drug List or by moving a drug to a different tier on the Drug List for any of the following reasons:

- New drugs are developed.
- Generic drugs become available.
- Over-the-counter drugs with similar properties become available or a drug's active ingredient is available in a similar strength in an over-the-counter product or as a nutritional or dietary supplement product available over the counter.
- There is a sound medical reason.
- Scientific evidence does not show that a drug works as well and is as safe as other drugs used to treat the same or similar conditions.
- A drug receives FDA approval for a new use.

Drugs that are not covered

Drugs not covered include but are not limited to:

- Drugs not listed on the Blue Rx Essentials Drug List.
- Drugs purchased from nonparticipating pharmacies.
- Specialty drugs purchased outside the specialty pharmacy program unless provided by your physician.
- Drugs in excess of a quantity limitation.
- Drugs that are not FDA approved.
- Drugs that are not approved to be covered by Wellmark's P&T Committee.
- Experimental or investigational drugs.
- Compounded drugs that do not contain an active ingredient in a form that has been approved by the FDA and that require a prescription to obtain.
- Compounded drugs that contain bulk powders or that are commercially available as a similar prescription drug.
- Drugs determined to be abused or otherwise misused by you.
- Drugs that are lost, damaged, stolen, or used inappropriately.
- Contraceptive medical devices, such as intrauterine devices and diaphragms. These are covered under your medical benefits.
- Convenience packaging. If the cost of the convenience packaged drug exceeds what the drug would cost if purchased in its normal container, the convenience packaged drug is not covered.
- Cosmetic drugs.
- Irrigation solutions and supplies.
- Therapeutic devices or medical appliances.
- Infertility drugs.
- Weight reduction drugs.
- The difference in cost between the generic drug and the brand name drug when you purchase a brand name drug that has an FDA-approved "A"-rated medically appropriate generic equivalent.

Refills

To qualify for refill benefits, all of the following requirements must be met:

- Sufficient time has elapsed since the last prescription was written. Sufficient time means that at least 75 percent of the medication has been taken according to the instructions given by your Wellmark Blue HMO Network provider.
- The refill is not to replace medications that have been lost, damaged, stolen, or used inappropriately.
- The refill is for use by the person for whom the prescription is written (and not someone else).
- The refill does not exceed the amount authorized by your Wellmark Blue HMO Network provider.
- The refill is not limited by state law.

You are allowed one early refill per medication per calendar year if you will be away from home for an extended period of time.

If traveling within the United States, the refill amount will be subject to any applicable quantity limits under this coverage. If traveling outside the United States, the refill amount will not exceed a 90-day supply. To receive authorization for an early refill, ask your pharmacist to call us.

Quantity limitations

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription. Federal regulations limit the quantity that may be dispensed for certain medications.

If your prescription is so regulated, it may not be available in the amount prescribed by your Wellmark Blue HMO Network provider. In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered. For a list of drugs with quantity limits, check with your pharmacist or Wellmark Blue HMO Network provider, consult the Blue Rx Essentials Drug List at Wellmark.com, or call the Customer Service number on your ID card.

Prior authorization of drugs

- **Purpose** — Prior authorization allows us to verify that a prescription drug is part of a specific treatment plan and is medically necessary. In some cases prior authorization may also allow a drug that is normally excluded to be covered if it is part of a specific treatment plan and medically necessary.
- **Applies to** — Prior authorization is required for a number of particular drugs. Visit Wellmark.com or check with your pharmacist or Wellmark Blue HMO Network provider to determine whether prior authorization applies to a drug that has been prescribed for you.
- **Person responsible** — You are responsible for the prior authorization.
- **Process** — Ask your Wellmark Blue HMO Network provider to call us with the necessary information. If your Wellmark Blue HMO Network provider has not provided the prior authorization information, participating pharmacists usually ask for it, which may delay filling your prescription. To avoid delays, encourage your provider to complete the prior authorization process before filling your prescription. We will respond to a prior authorization request within:
  - 72 hours in a medically urgent situation.
  - 15 days in a non-medically urgent situation. Calls received after 4 p.m. are considered the next business day.
- **Importance** — If you purchase a drug that requires prior authorization but do

not request prior authorization, you are responsible for paying the entire amount charged.

Prescription maximums

Generally, there is a maximum days' supply of medication you may receive in a single prescription. However, exceptions may be made for certain prescriptions packaged in a dose exceeding the maximum days' supply covered under your Blue Rx Essentials prescription drug benefits. To determine if this exception applies to your prescription, call the Customer Service number on your ID card.

Your payment obligations may be determined by the quantity of medication you purchase.

Prescription maximum
30 day retail
90 day retail maintenance
30 day mail order
90 day mail order maintenance
30 day specialty

Mail order drug program

You must purchase mail order drugs through the mail order drug program. You are not covered for mail order drugs purchased outside the mail order drug program. You must register as a mail service user in order to fill your prescriptions through the mail order drug program. For information on how to register, visit our website, Wellmark.com, or call the Customer Service number on your ID card. Mail order pharmacy providers outside our mail order program are considered nonparticipating pharmacies. You are not covered for drugs purchased from nonparticipating mail order pharmacies.

Specialty drugs

Specialty drugs are high-cost injectable, infused, oral, or inhaled drugs typically used for treating or managing chronic illnesses. These drugs often require special handling (e.g., refrigeration) and administration. They are not available through the mail order drug program. Specialty drugs may be covered under your Blue Rx Essentials prescription drug benefits. To determine whether a particular specialty drug is covered under your Blue Rx Essentials prescription drug benefits, consult the Blue Rx Essentials Drug List at Wellmark.com, or call the Customer Service number on your ID card.

CVS® Specialty pharmacy program

Specialty pharmacies deliver specialty drugs directly to your home or to your physician's office. You must purchase specialty drugs through the CVS specialty pharmacy program. You must register as a specialty pharmacy program user in order to fill your prescriptions through the specialty pharmacy program. For information on how to register, call the Customer Service number on your ID card or visit our website at Wellmark.com. You are not covered for specialty drugs purchased outside the specialty pharmacy program. The CVS specialty pharmacy program administers the distribution of specialty drugs to the home and to physicians' offices.

Preventive items and services

Preventive items and services received at a participating licensed retail pharmacy, including certain items or services recommended with an "A" or "B" rating by the United States Preventive Services Task Force, and immunizations recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention are covered. To determine if a particular preventive item or service is covered, consult the Blue Rx Essentials Drug List or call the Customer Service number on your ID card.

Specialty Drug Manufacturer Discount Card Program

Certain specialty medications may qualify for manufacturer discount card programs which could lower your out-of-pocket costs for those products. You may not receive credit toward your maximum out-of-pocket for any out-of-pocket amounts that are applied to a manufacturer coupon or rebate.

This Specialty Drug Manufacturer Discount Card Program is offered as part of your plan's exclusive specialty pharmacy network with CVS/caremark's affiliate CVS Specialty. The list of specialty drugs eligible for this Specialty Drug Manufacturer Discount Card Program is subject to change as determined by CVS Specialty.

Drug company rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services. Drug manufacturers offer rebates to pharmacy benefits managers. Wellmark receives a share of these rebates from its pharmacy benefits manager. Any rebates we receive will be retained by us. The rebates will not be allocated to your specific claims and they will not be considered when determining your payment obligations.

Exception requests for non-formulary prescription drugs

Prescription drugs that are not listed on the Blue Rx Essentials Drug List are not covered. However, you may submit an exception request for coverage of a nonformulary drug (i.e., a drug that is not included on the Blue Rx Essentials Drug List). The form is available at Wellmark.com or by calling the Customer Service number on your ID card. Your prescribing physician or other provider must provide a clinical justification supporting the need for the non-formulary drug to treat your condition.

The Exception Request for Non-Formulary Prescription Drugs process is only available for FDA-approved prescription drugs that are not on the Blue Rx Essentials Drug List. It is not available for items that are specifically excluded under your benefits, such as cosmetic drugs, convenience packaging, non-FDA approved drugs, infused drugs, most over-the-counter medications, nutritional, vitamin and dietary supplements, or antigen therapy. The preceding list of excluded items is illustrative only and is not a complete list of items that are not eligible for the process.

Prescription purchases outside the United States

To qualify for benefits for prescription drugs purchased outside the United States, all of the following requirements must be met:

- You are injured or become ill while in a foreign country.
- The prescription drug's active ingredient and dosage form are FDA-approved or an FDA equivalent and has the same name and dosage form as the FDA-approved drug's active ingredient.
- The prescription drug would require a written prescription by a licensed Wellmark Blue HMO Network provider if prescribed in the U.S.

Notification requirements

The following are notification requirements you or your Wellmark Blue HMO Network provider should follow to receive the maximum benefits available under your benefits policy.

Precertification

The purpose of precertification is to help determine whether a service or admission to a facility is medically necessary. If you choose to have these services performed even though we were unable to certify the medical necessity of the services, you will be responsible for the charges.

For a complete list of the services subject to precertification, visit Wellmark.com or call the Customer Service number listed on your ID card.

Wellmark Blue HMO Network providers obtain precertification for you. However, you or someone acting on your behalf are responsible for precertification if:

- You are admitted to a facility outside Iowa;
- You receive services subject to precertification from a nonparticipating provider.

If you have questions about whether or not a precertification request has been received by Wellmark, call customer service at the phone number on your ID card.

Concurrent review

Concurrent review is a utilization review conducted during a member's facility stay or course of treatment at home or in a facility setting to determine whether the place or level of service is medically necessary. This care coordination program occurs without any notification required from you.

For a complete list of the services subject to concurrent review, visit Wellmark.com or call the Customer Service number on your ID card.

Wellmark may review your case to determine whether your current level of care is medically necessary. Responses to Wellmark's concurrent review requests must include supporting clinical information to determine medical necessity as a condition of your coverage.

Laboratory services, home/durable medical equipment, or prosthetic devices outside the Wellmark Blue HMO Network:

Before receiving laboratory services, home/durable medical equipment, or prosthetic devices, ask your provider to utilize a provider that has a contractual arrangement with the Blue Plan where you received services, purchased/rented equipment, or shipped equipment. If the provider does not have a contractual relationship with the Blue Plan, that provider will be considered a nonparticipating provider and you will be responsible for the entire amount charged.

Prior approval

Before you receive treatment for certain services, supplies, or procedures, prior approval is required. Prior approval helps determine whether a proposed treatment plan is medically necessary, and is a covered benefit under the benefits policy. Without prior approval for certain services, we cannot confirm that a proposed treatment plan is a benefit of your benefits policy. If prior approval is requested and approved by Wellmark, the service will be approved for a specific time period. (Even if you receive prior approval for a service, inpatient admissions may be subject to inpatient admission notification.)

Wellmark Blue HMO providers request prior approval for you. However, you or someone acting on your behalf are responsible for prior approval if:

- You are admitted to a facility outside Iowa;
- You receive services subject to prior approval from a nonparticipating provider.

For a complete list of services for which prior approval is required, or to ask about any other service, call the phone number listed on your ID card or visit Wellmark.com.

Change of residence

You must notify us prior to relocating outside the Wellmark geographic service area because you will have no benefits for medical services provided outside of Wellmark Blue HMO provider network except for emergencies or accidental injuries.

Notification

Notification of most facility admissions and certain services helps us identify and initiate discharge planning or care coordination.

Wellmark Blue HMO Network providers perform notification for you. However, you or someone acting on your behalf are responsible for notification if:

- You are admitted to a facility outside Iowa.
- You receive services subject to notification from a nonparticipating provider.

For a complete list of services subject to notification, visit Wellmark.com or call the Customer Service number listed on your ID card.

If you are applying for child-only coverage, any child(ren) age 20 and under listed on the application is eligible for child-only coverage, or due to a qualifying event that occurs outside of the open enrollment period as long as he/she is not enrolled in or eligible for other coverage[1] at the time of the effective date of coverage.

Premium payment

- Coverage is automatically renewed by payment of your premium and service fee in advance.
- A grace period of 31 days will be granted for the payment of each premium and fees due after the first premium and fees. During this grace period, your benefits policy will continue in force.
- For On-Exchange coverage, a 90-day grace period applies to those who receive federal subsidy assistance in the form of an advanced premium tax credit and who have paid at least one full month's premium within the benefit year.
- We may terminate your benefits policy if: (1) you fail to pay your premium when due; (2) there is fraudulent use of your benefits policy; (3) Wellmark terminates or discontinues your plan; or (4) you change your residence from the geographic service area served by Wellmark. You must notify us prior to relocating outside the Wellmark service area, as you will have no benefits for services except for emergencies or accidental injuries.

Subrogation

Once you receive benefits under your Wellmark Blue HMO policy arising from an illness or injury, we will assume any legal right you have to collect compensation, damages, or any other payment related to that illness or injury. We will assume all rights for recovery, to the extent of our payment, regardless of whether our payment is made before or after settlement of any third-party claim, and regardless of whether you have received full or complete compensation for any injury or illness. You and your covered family member(s) agree to notify us if you have the potential right to receive payment from someone else and to cooperate with us to ensure that our rights to subrogation are protected. We reserve the right to offset any amounts owed to us against any future claim settlement amounts.

Coordination of benefits

Coordination of benefits applies when you have more than one insurance benefits policy or plan that provides the same or similar benefits as this benefits policy, including other individual or group sponsored coverage in which you are enrolled.

Benefits payable under this benefits policy, when combined with those paid under your other coverage[1] will not be more than 100 percent of either our payment arrangement amount or the other plan's payment arrangement amount. The method we use to calculate the payment arrangement amount may be different from your other plan's method.

Notwithstanding the foregoing provisions on Coordination of Benefits, Wellmark will always pay as though it is the primary carrier when you use your ID card for prescription drugs purchased at a pharmacy.

Other information

- Premium rates for a specified individual are determined by the base premium rate for the block of business that reflects the actual and anticipated experience for all policies included in the block. Base premium rates are adjusted to reflect the particular benefit plan chosen as well as age, geographic area and tobacco use.

Copayments

Specific dollar amounts you pay at the time you receive covered services.

Deductible

The fixed dollar amount you pay for most covered services before benefits are available during a benefit period. There are single and family deductibles.

Family deductible

This can be met through any combination of family members. No one member will be required to meet more than the single deductible amount before he or she receives benefits for a covered service during a benefit period.

Out-of-pocket maximum (OPM)

The amount you pay out of your pocket for most covered services during a benefit period. The deductible, copayment and coinsurance provisions, specific to your medical coverage, apply toward meeting the OPM.

Payment arrangement

Wellmark has contracting relationships with network providers. We use different methods to determine payment arrangements, including negotiated fees. These payment arrangements usually result in savings.

The savings from payment arrangements and other important amounts will appear on your Explanation of Benefits statement as follows:

- **Network savings** — Reflects the amount you save on a claim by receiving services from a participating or network provider. For the majority of services, the savings reflects the actual amount you save on a claim. However, depending on many factors, the amount we pay a provider could be different from the covered charge. Regardless of the amount we pay a participating or network provider, your payment responsibility will always be based on the lesser of the covered charge or the maximum allowable fee.
- **Amount not covered** — Reflects the portion of provider charges not covered under this health plan and for which you are responsible. This amount may include services or supplies not covered; amounts in excess of a service maximum, benefit year maximum; denials for failure to follow a required precertification; and the difference between the amount charged and the maximum allowable fee for services from a nonparticipating provider.
- **Amount paid by health plan** — Reflects our payment responsibility to a provider or to you. We determine this amount by subtracting the following amounts (if applicable) from the amount charged:
  - Deductible
  - Coinsurance
  - Copayment
  - Amounts representing any general exclusions and conditions
  - Network savings

Payment method for services

Provider payment arrangements are calculated using industry methods, including but not limited to fee schedules, per diems, percentage of charge, capitation, or episodes of care. Some provider payment arrangements may include an amount payable to the provider based on the provider's performance. Performance-based amounts that are not distributed are not allocated to your specific claims and are not considered when determining any amounts you may owe. We reserve the right to change the methodology we use to calculate payment arrangements based on industry practice or business need. Network providers agree to accept our payment arrangements as full settlement for providing covered services, except to the extent of any amounts you may owe.

Wellmark Blue HMO Network savings

The amount saved due to contracts Wellmark has with providers.
